

IIT Online

Degree and Certificate Program List

Last updated: July 13, 2007. The latest version can be obtained from the [IIT Online website](#).

Many working professionals and full-time students pursue their **degrees** or **certificates** via IIT's online programs. The table below lists the numerous online programs currently offered. In addition to the programs presented here, [Distance Learning in INDIA](#) and other global activities are available.

These initiatives are coordinated by the IIT [Office of International Affairs](#).

Dept	Programs	Delivery Mode (details)
BCPS	Biology, Chemistry and Physics Degrees	
	Biology, Master with specializations in BioChemistry Biotechnology Cell Biology Microbiology	Internet and Televised
	Chemistry, Master with specializations in Analytical Chemistry Materials and Chemical Synthesis	Internet and Televised
	Health Physics, Master	Internet and Televised
BCPS	Biology, Chemistry and Physics Certificates	
	Analytical Method Development	Internet and Televised
	Analytical Spectroscopy	Internet and Televised
	Characterization of Inorganic and Organic Materials	Internet and Televised
	Chromatography	Internet and Televised
	Synthesis and Characterization of Inorganic Materials	Internet and Televised
	Synthesis and Characterization of Organic Materials	Internet and Televised

	Radiologic Physics	Internet and Televised
CHBE	Chemical and Biological Engineering Degrees	
	Chemical Engineering, Master	Televised Only
	Environmental Engineering, Master	Televised Only
	Gas Engineering, Master	Internet Only
CHBE	Chemical and Biological Engineering Certificates	
	Bioengineering	Televised Only
	Current Energy Issues	Internet Only
	Hazardous Waste Engineering	Televised Only
	Indoor Air Quality	Televised Only
	Particle Processing	Televised Only
	Pharmaceutical Processing	Televised Only
	Polymer Synthesis and Characterization/Processing	Televised Only
	Process Operations Management	Televised Only
	Water and Wastewater Treatment	Televised Only
CS	Computer Science Degrees	
	Computer Science, Master	Internet and Televised
	with specialization in	
	Computer Networking & Telecommunications	Internet and Televised
	Information Systems	Internet and Televised
	Software Engineering	Internet and Televised
	Computer Science, M.S.	Internet and Televised
	Computer Science, Master, Telecommunications and Software Engineering	Internet and Televised
CS	Computer Science Certificates	
	Computer Networking and Telecommunications	Internet and Televised
	Information Systems	Internet and Televised

	Software Engineering	Internet and Televised
ECE	Electrical and Computer Engineering Degrees	
	Biomedical Imaging and Signals, Master	Internet and Televised
	Computer Engineering, M.S.	Internet and Televised
	Electrical and Computer Engineering, Master	Internet and Televised
	Electrical Engineering, M.S.	Internet and Televised
	Electricity Markets, Master.	Internet and Televised
	Network Engineering, Master	Internet and Televised
	Power Engineering, Master	Internet and Televised
	Telecommunications and Software Engineering, Master	Internet and Televised
	VLSI and Microelectronics, Master	Internet and Televised
ECE	Electrical and Computer Engineering Certificates	
	Advanced Electronics	Internet and Televised
	Computer Engineering	Internet and Televised
	Control Systems	Internet and Televised
	Power Engineering	Internet and Televised
	Signal Processing	Televised Only
	Wireless Communications	Internet and Televised
ITM	Information Technology and Management Degrees	
	Information Technology and Management, Master	Internet and Televised
	Information Technology and Management, Master: General Course of Study	Internet and Televised
ITM	Information Technology and Management Certificates	
	Computer and Network Security Technologies	Internet and Televised
INTM	Industrial Technology and Management Degrees	
	Manufacturing Technology and Management, Bachelors Completion	Internet and Televised

(requires 60 hours of transfer credit)

with specializations in

Industrial Facilities

Industrial Logistics

Manufacturing Technology

[Industrial Technology and Operations, Master](#) 

Internet and Televised
